INDEPENDENT AUDITOR'S REPORT

Board of Directors Southwest Harris County Municipal Utility District No. 1 Harris County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Southwest Harris County Municipal Utility District No. 1 (the "District") as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors Southwest Harris County Municipal Utility District No. 1

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the Water District Financial Management Guide is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2022

Management's discussion and analysis of Southwest Harris County Municipal Utility District No. 1's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2022. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities, and if necessary, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2022

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position, and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets exceeded liabilities and deferred inflows of resources by \$1,783,264 as of December 31, 2022.

A portion of the District's net position reflects its net investment in capital assets (land and land improvements along with water and wastewater facilities less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water and wastewater services.

The following is a comparative analysis of government-wide changes in net position:

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2022

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of December 31, 2022, were \$1,152,771, an increase of \$120,008 from the prior year.

The General Fund fund balance increased by \$154,274, primarily due to current year revenues exceeding current year operating costs and capital outlay.

The Debt Service Fund fund balance decreased by \$34,266, primarily due to the structure of the District's outstanding debt service.

The Capital Projects Fund did not change with a zero fund balance.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors annually adopts an unappropriated budget for the General Fund and did not amend the budget during the current fiscal year. Actual revenues were \$23,527 more than budgeted revenues and actual expenditures were \$21,147 less than budgeted expenditures resulting in a positive variance of \$44,674. See the budget to actual comparison for more information.

CAPITAL ASSETS

Capital assets amount to \$1,562,044 (net of accumulated depreciation) and include land and the water and wastewater systems.

SOUTHWEST HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 1 MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED DECEMBER 31, 2022

LONG-TERM DEBT ACTIVITY

As of December 31, 2022, the District had total bond debt payable of \$975,000. The changes in the debt position of the District during the fiscal year ended December 31, 2022, are summarized as follows:

Bond Debt Payable, January 1, 2022	\$ 1,140,000
Less: Bond Principal Paid	 165,000
Bond Debt Payable, December 31, 2022	\$ 975,000

The District's Series 2008 Unlimited Tax and Revenue Bonds carry an insured rating of "AA" by virtue of Assured Guaranty's rating. Credit enhanced ratings provided through bond insurance policies are subject to change based on the rating of the bond insurance company. The above ratings are as of December 31, 2022 and reflect any rating changes of the bond insurers through the fiscal year end.

CURRENTLY KNOWN FACTS, DECISIONS, OR CONDITIONS

The adopted budget for fiscal year 2023 projects a General Fund fund balance increase of \$196,900.

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Southwest Harris County Municipal Utility District No. 1, c/o Smith, Murdaugh, Little & Bonham, 2727 Allen Parkway, Suite 1100, Houston, TX 77019.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2022

Net Change in Fund Balances - Governmental Funds	\$	120,008
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.		6,471
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.		1,897
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.		(70,233)
Governmental funds report bond discounts as an other financing use. In the Statement of Net Assets, the bond discount is amortized over the life of the bonds and the amortized portion is recorded in the Statement of Activities.		(3,998)
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.		165,000
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.		31,643
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	_	1,815
Change in Net Position - Governmental Activities	\$	252,603

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 1. CREATION OF DISTRICT

Southwest Harris County Municipal Utility District No. 1 located in Harris County, Texas (the "District") was created effective February 2, 1975, by an Order of the Texas Water Rights Commission, presently known as the Texas Commission on Environmental Quality (the "Commission"). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on March 6, 1975, and the first bonds were sold on December 5, 1979.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying the financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide Financial Statements (Continued)

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year-end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Property taxes considered available by the District and included in revenue include 2021 taxes collected during the period October 1, 2021, to December 31, 2022. In addition, taxes collected from January 1, 2022, to December 31, 2022, for the 2020 and prior tax levies are included in revenue. The 2022 tax levy has been fully deferred to meet the District's planned expenditures in 2023.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

Accounts Receivable

The District provides for uncollectible service accounts receivable using the allowance method of accounting for bad debts. Under this method of accounting, a provision for uncollectible accounts is charged to earnings. The allowance account is increased or decreased based on past collection history and management's evaluation of accounts receivable. All amounts considered uncollectible are charged against the allowance account, and recoveries of previously charged off accounts are added to the allowance. The District had an allowance for uncollectible accounts at December 31, 2022 of \$3,000.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their estimated acquisition value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued)

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$20,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original budget amounts compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are considered to be wages subject to federal income tax withholding for payroll purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 3. LONG-TERM DEBT

	Unlimited Tax and Revenue Bonds Series 2008
Amount Outstanding - December 31, 2022	\$ 975,000
Interest Rates	4.40% - 4.60%
Maturity Dates – Serially Beginning/Ending	April 1, 2023/2027
Interest Payment Dates	April 1/ October 1
Callable Dates	April 1, 2017*

^{*} At the option of the District as a whole or in part on the call option date or any date hereafter, at par plus accrued interest to the date of redemption. Series 2008 term bonds due April 1, 2023, April 1, 2025, and April 1, 2027, are subject to mandatory redemption by random selection beginning April 1, 2022, April 1, 2024, and April 1, 2026, respectively.

The following is a summary of transactions regarding long-term liabilities for the year ended December 31, 2022:

	J	anuary 1,					Dec	ember 31,
		2022	A	Additions	Re	tirements		2022
Bonds Payable	\$	1,140,000	\$		\$	165,000	\$	975,000
Unamortized Discounts		(21,045)				(3,998)		(17,047)
Total Long-Term Liabilities	\$	1,118,955	\$	-0-	\$	161,002	\$	957,953
			Amo	unt Due W	ithin One	Year	\$	175,000
			Amo	unt Due Af	ter One Y	/ear		782,953
			Tota	l Long-Terr	n Liabilit	ies	\$	957,953

As of December 31, 2022, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	I	Principal	Interest		 Total
2023	\$	175,000	\$	40,270	\$ 215,270
2024		185,000		32,258	217,258
2025		195,000		23,708	218,708
2026		205,000		14,605	219,605
2027		215,000		4,945	 219,945
	\$	975,000	\$	115,786	\$ 1,090,786

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 3. LONG-TERM DEBT (Continued)

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount, and are further payable from and secured by a lien on and pledge of the net revenues to be received from the operation of the District's waterworks and wastewater system.

During the year ended December 31, 2022, the District levied an ad valorem debt service tax rate of \$0.17 per \$100 of assessed valuation, which resulted in a tax levy of \$194,858 on the adjusted taxable valuation of \$114,622,686 for the 2022 tax year. The bond order requires the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS

The bond order states that the District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data with respect to the District to the state information depository. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

The bond order states the District will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the Bonds, within the meaning of section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five year anniversary of each issue.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

<u>Deposits</u> (Continued)

Texas statutes require that the cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation, or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year-end, the carrying amount of the District's deposits was \$432,238 and the bank balance was \$287,505. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at December 31, 2022, as listed below:

	Cash
GENERAL FUND	\$ 107,521
DEBT SERVICE FUND	 324,717
TOTAL DEPOSITS	\$ 432,238

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

<u>Investments</u> (Continued)

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool measures all of its portfolio assets at amortized cost. As a result, the District also measures its investment in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

As of December 31, 2022, the District had the following investments and maturities:

	Maturities in Years				
Fund and		Less Than			More Than
Investment Type	Fair Value	1	1-5	6-10	10
GENERAL FUND TexPool	\$ 976,424	\$ 976,424			
DEBT SERVICE FUND TexPool	94,285	94,285			
CAPITAL PROJECTS FUND TexPool	4,804	4,804			
TOTAL INVESTMENTS	\$ 1,075,513	\$ 1,075,513	\$ -0-	\$ -0-	\$ -0-

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At December 31, 2022, the District's TexPool investment was rated AAAm by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers its investment in TexPool to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 6. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2022:

	J	anuary 1, 2022]	Increases	I	Decreases	De	cember 31, 2022

Total Capital Assets, Net of Accumulated Depreciation	\$	1,600,634		\$	(38,590)	\$	- 0 -	\$	1,562,044

NOTE 7. MAINTENANCE TAX

On November 6, 1979, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.25 per \$100 of assessed valuation of taxable property within the District. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and wastewater system. During the year ended December 31, 2022, the District levied a maintenance tax of \$0.25 per \$100 of assessed valuation, which resulted in a tax levy of \$286,557 on the adjusted taxable valuation of \$114,622,686 for the 2022 tax year. Revenue from the 2022 tax levy has been fully deferred to meet the District's 2023 budgeted expenditures.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 8. WATER SUPPLY CONTRACTS

On November 17, 1986, the District entered into a 40 year permanent water supply agreement with Harris County Water Control and Improvement District - Fondren Road ("Fondren Road") whereby Fondren Road is to provide water service to the District's sewage treatment plant which is best served by Fondren Road even though the sewage treatment plant is located within the District's boundaries. Under the terms of the agreement, the Districts constructed certain facilities necessary to connect the Districts' water distribution systems. This agreement was amended on March 8, 2011.

Under the terms of the agreement, billings for water service are based upon usage. The District provides Fondren Road with monthly meter readings of water consumed. Fondren Road bills the District at 1.25 times the "in District rate" charged by Fondren Road to single family residential consumers within its boundaries.

On May 13, 2014, the District entered into a permanent water supply contract with Fondren Road. As of December 31, 2022, the District had approximately 657 equivalent connections. Fondren Road agrees to provide up to but not exceed 1,358 equivalent connections to the District. Fondren Road will determine the costs for receipt, repressurization, storage, and transfer of surface water purchased pursuant to this Contract. Such costs include, but are not limited to, applicable power and chemical costs, operational and maintenance costs, and related repairs to the connection facilities, distribution facilities and pressurization and storage facilities ("Transportation Costs"). Fondren Road will review and adopt a budget for transportation costs once per annum on the anniversary of the effective date of this Contract, the District's share, the Cost of Production, shall be its pro-rata share of the Transportation Cost budget for the then current year, with such proration based upon the District's average monthly metered flow for the previous year. The term of this contract is 40 years. During the current year, the District recorded \$160,640 as purchased water in the General Fund.

On October 13, 2020, the District entered into the first amendment to the permanent water supply contract with Fondren Road in order to add one additional point of delivery for water supplied to the District in the form of an emergency interconnect valve and master meter at the District's sole cost and expense.

On December 13, 2022, the District approved an additional amendment to the permanent water supply contract which included: 1) a maximum purchase amount of 9,638,000 gallons per month, 2) system capacity data be provided to TCEQ by Fondren Road, 3) maximum hourly purchase rate of 20,000 plus actual service pump capacity of at least 2.0 gallons per minute ("gpm") per connection or provide at least 1,000 gpm and be able to meet peak hourly demands, whichever is less and 4) pressure tank capacity of 20 gallons per connection.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 9. CONTRACT FOR WATER SUPPLY AND WASTE DISPOSAL SERVICES

On February 8, 1977, the District executed an agreement with Fondren Road. Fondren Road agreed initially to supply water service and wastewater service to the District for a maximum of 25 residential connections. The District agreed to make an initial capital contribution of \$275 for each residential water connection and \$200 for each residential sewer connection. In addition, the District owes an amount equal to the amount of taxes, which would have been due Fondren Road if the residence in question were in Fondren Road. On December 12, 1977, the District and Fondren Road entered into an agreement for the installation and operation of a temporary wastewater treatment facility. On December 21, 1983, the District and Fondren Road approved the Sanitary Sewer and Termination Agreement (the "Agreement"). In accordance with this Agreement, the February 8, 1977, agreement was terminated. Fondren Road agreed to continue to provide wastewater service to 20 connections as listed in an attachment to the Agreement. The initial rate was \$11.50 per month per connection. The District is currently being billed \$40 per month per connection. During the current year, the District recorded \$9,600 as purchased wastewater in the General Fund.

NOTE 10. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 11. INTERFUND RECEIVABLES/PAYABLES

As of December 31, 2022, the District had the following significant interfund liabilities: the Debt Service Fund owed the General Fund \$112,787 for maintenance tax collections. The Capital Projects Fund owed the General Fund \$4,804 to close the Capital Projects Fund.

3. TOTAL WATER CONSUMPTION DURING THE FISCAL YEAR ROUNDED TO THE NEAREST THOUSAND: (Unaudited)

Water Accountability Ratio: 102%* (Gallons billed and sold/Gallons pumped and purchased)

Gallons billed to customers: 35,276,000*

Gallons purchased: 34,754,000* From: Fondren Road Water Control

Improvement District

See accompanying independent auditor's report.

^{*}The meter where the gallons purchased number is obtained might be running slow showing a lower number of gallons than actually went through the meter. When monthly flushing is performed, leak repairs, or any other activity where water is lost out of the system that is not going through a meter, a calculation is performed to estimate how much water was lost. This number is estimated based on the flow rate and size of the line and is not exact. All these calculated estimates are added to the gallons billed to customers. Due to these factors, the water accountability ratio can end up over 100%.

Board Members	Term of Office (Elected or Appointed)	Fees of Office for the year ended December 31, 2022	Expense Reimbursements for the year ended December 31, 2022	Title
Keith W. Bynam	11/2020 05/2024 (Elected)	\$ 1,800	\$ -0-	President
Jo Ann W. Miller	05/2022 05/2026 (Elected)	\$ 1,650	\$ 257	Vice President
Stephanie Ann Johnson	05/2022 05/2026 (Elected)	\$ 1,650	\$ 245	Secretary
Bruce Zaborowski	05/2022 05/2026 (Elected)	\$ 1,800	\$ -0-	Director
Horace Q. Buckley	11/2020 05/2024 (Elected)	\$ 1,800	\$ -0-	Director

Notes:

No Director has any business or family relationships (as defined by the Texas Water Code) with major landowners in the District, with the District's developers or with any of the District's consultants.

Submission date of most recent District Registration Form: October 11, 2022

The limit on Fees of Office that a Director may receive during a fiscal year is \$6,000 as set by Board Resolution (TWC Section 49.060) on September 12, 1995. Fees of Office are the amounts actually paid to a Director during the District's current fiscal year.
