#### INDEPENDENT AUDITOR'S REPORT

Board of Directors
Fulshear Municipal Utility
District No. 1 of Fort Bend County, Texas

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Fulshear Municipal Utility District No. 1 of Fort Bend County, Texas (the "District") as of and for the year ended April 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of April 30, 2024 and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Board of Directors
Fulshear Municipal Utility
District No. 1 of Fort Bend County, Texas

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors
Fulshear Municipal Utility
District No. 1 of Fort Bend County, Texas

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the Water District Financial Management Guide is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MCall Dikon Swedland Bonfort PLLC

McCall Gibson Swedlund Barfoot PLLC Certified Public Accountants Houston, Texas

August 28, 2024

Management's discussion and analysis of Fulshear Municipal Utility District No. 1 of Fort Bend County, Texas (the "District") financial performance provides an overview of the District's financial activities for year ended April 30, 2024. Please read it in conjunction with the District's financial statements.

#### USING THIS FINANCIAL REPORT

This financial report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

#### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities and, if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

#### **FUND FINANCIAL STATEMENTS**

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, maintenance tax revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

#### **FUND FINANCIAL STATEMENTS** (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

#### NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

#### OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. A budgetary comparison schedule is included as RSI for the General Fund.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, liabilities exceeded assets and deferred outflows of resources by \$11,094,677 as of April 30, 2024.

A portion of the District's net position reflects its net investment in capital assets (drainage and water and wastewater capacity fees (also referred to herein as impact fees) less any debt used to acquire those assets that is still outstanding).

The following is a comparative analysis of the Statement of Net Position:

### GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Net Position, End of Year	\$	(11,094,677)	\$	(9,070,956)	\$	(2,023,721)	

#### FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of April 30, 2024, was \$5,495,287, an increase of \$1,247,866 for the current fiscal year.

The District's General Fund fund balance increased by \$158,824 from the prior year, primarily due to property tax revenue exceeding operating costs and capital outlay.

The Debt Service Fund fund balance increased by \$918,471, primarily due to the structure of the District's debt and issuance of the Series 2023 Unlimited Tax Road Bonds.

The Capital Projects Fund fund balance increased by \$170,571, primarily due to issuance of the Series 2023 Unlimited Tax Road Bonds.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors amended the General Fund budget during the current fiscal year to decrease projected property tax revenue and increase repair and maintenance costs. Actual revenues were \$401,985 more than budgeted revenues, actual expenditures were \$89,013 more than budgeted expenditures, and transfers in were \$2,612 more than budgeted, which resulted in a positive variance of \$315,584. See the budget to actual comparison for more information.

#### **CAPITAL ASSETS**

Capital assets as of April 30, 2024, total \$9,068,314 (net of accumulated depreciation) and include impact fees, fencing, landscaping and the drainage system. Additional information on the District's capital assets can be found in Note 6 of this report.

Capital Assets At Year-End, Net of Accumulated Depreciation

Fencing		504,773		531,724		(26,951)
Landscaping		1,611,672		1,292,118		319,554
Drainage System		3,666,976		3,009,101		657,875
Total Net Capital Assets	\$	9,068,314	\$	8,170,269	\$	898,045

#### **INTANGIBLE ASSETS**

Intangible assets as of April 30, 2024, total \$44,723,680 (net of accumulated amortization). These assets include the right to receive water and wastewater service. Additional information on the District's intangible assets can be found in Note 6 of this report.

Intangible Assets At Year-End, Net of Accumulated Amortization

				Change Positive
	2024	2023	(	(Negative)
Right to receive service	\$ 56,040,086	\$ 48,919,690		7,120,396
Less: Accumulated Amortization	 11,316,406	 8,930,400		2,386,006
Total Net Intangible Assets	\$ 44,723,680	\$ 39,989,290	\$	4,734,390

#### LONG-TERM DEBT ACTIVITY

As of April 30, 2024, the District had total bond debt payable of \$55,785,000. The changes in the debt position of the District during the fiscal year ended April 30, 2024 are summarized as follows:

Bond Debt Payable, May 1, 2023	\$ 48,120,000
Add: Bond Sales	9,535,000
Less: Bond Principal Paid	 1,870,000
Bond Debt Payable, April 30, 2024	\$ 55,785,000

The District's Series 2015 Bonds do not carry an underlying rating or an insured rating. The District's Series 2016 Bonds, Series 2017 Bonds, Series 2017 Road Refunding Bonds, Series 2018 Road Bonds, Series 2019 Road Bonds, Series 2020 Bonds and Series 2021 Bonds have an underlying rating of "Baa1" from Moody's and have been assigned an S&P rating of "AA/A1" by virtue of bond insurance issued by Assured Guaranty Municipal Corporation. The Series 2022 Road Bonds, Series 2022A Road Bonds and Series 2023 Road Bonds have an underlying rating of "Baa1" from Moody's and have been assigned an S&P rating of "AA" by virtue of bond insurance issued by Build America Mutual Assurance Company. Credit enhanced ratings provided through bond insurance policies are subject to change based on the rating of the bond insurance company. The above ratings are as of April 30, 2024 and reflect all rating changes of the bond insurer through the year then ended.

As of April 30, 2024, the District has recorded an amount due to developer of \$14,596,410. See Note 8.

#### CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Fulshear Municipal Utility District No. 1 of Fort Bend County, Texas, c/o Allen Boone Humphries Robinson LLP, 3200 Southwest Freeway, Suite 2600, Houston, TX 77027.

# RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION APRIL 30, 2024

Total Fund Balances - Governmental Funds	\$ 5,495,287
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Prepaid bond insurance premiums are amortized over the term of the debt in governmental activities.	12,894
Interest paid in advance as part of a refunding bond sale is recorded as a deferred outflow in the governmental activities and systematically charged to interest expense over the remaining life of the old debt or the life of the new debt, whichever is	
shorter.	231,405
Capital assets used in governmental activities and intangible assets are not current financial resources and, therefore, are not reported as assets in the governmental funds.	53,791,994
Deferred inflows of resources related to property tax revenues and penalty and interest receivable on delinquent taxes for the 2023 and prior tax levies became part of recognized revenue in the governmental activities of the District.	69,957
Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:	
Due to Developer \$ (14,596,410)	
Accrued Interest Payable (346,209)	
Bonds Payable Within One Year (2,110,000)	
Bonds Payable After One Year (53,643,595)	 (70,696,214)
Total Net Position - Governmental Activities	\$ (11,094,677)

# RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED APRIL 30, 2024

Net Change in Fund Balances - Governmental Funds	\$ 1,247,866
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	24,608
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	1,779
Governmental funds do not account for depreciation and amortization. However, in the Statement of Net Position, capital assets are depreciated, intangible assets are amortized, and depreciation and amortization expense are recorded in the Statement of Activities.	(2,812,307)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	7,326,044
Governmental funds report bond premiums and bond discounts as other financing sources and uses in the year received or paid. However, in the Statement of Net Position, the bond premiums and bond discounts are amortized over the life of the bonds and the current year amortized portion is recorded in the Statement of Activities.	(55,312)
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	1,870,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	(91,399)
Governmental funds report bond proceeds as other financing sources. Issued bonds increase long-term liabilities in the Statement of Net Position.	 (9,535,000)
Change in Net Position - Governmental Activities	\$ (2,023,721)

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### NOTE 1. CREATION OF DISTRICT

Fulshear Municipal Utility District No. 1 of Fort Bend County, Texas (the "District") was duly created by the 80<sup>th</sup> Texas Legislature of the State of Texas, S.B. 682 adding Chapter 8207 to the Special District Local Laws Code ("Chapter 8207"), effective September 1, 2007. Chapter 8207 was amended by S.B. 1831, 83<sup>rd</sup> Texas Legislature, effective June 14, 2013, to clarify the District's authority regarding road powers. Pursuant to the provisions of Chapter 8207, Chapters 49 and 54 of the Texas Water Code, as amended, and Article XVI, Section 59 and Article III, Section 52 of the Texas Constitution, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, roads, solid waste collection and disposal, including recycling, and to construct parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and, subject to certain regulatory approvals, to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on March 7, 2008, and sold its first bonds on December 15, 2011.

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

#### <u>Financial Statement Presentation</u>

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

#### NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

The GASB Codification set forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

#### Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenues and expenses in the government-wide Statement of Activities.

#### NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

#### Governmental Funds

The District has three governmental funds and considers each to be a major fund.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, maintenance tax revenues, operating costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> – To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

#### **Basis of Accounting**

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### Basis of Accounting (Continued)

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of fiscal year-end, the Debt Service Fund owed the General Fund \$59,472 for maintenance tax collections, the Capital Projects Fund owed the General Fund \$1,828 for capital costs and the General Fund owed the Debt Service Fund \$206,871 for tax rebate collections. The Capital Projects Fund transferred \$2,612 to the General Fund to pay for certain bond issuance costs.

#### **Intangible Assets**

Intangible assets, consisting of rights to receive water and wastewater service, are reported in the government-wide Statement of Net Position. Intangible assets are valued at the cost of water and wastewater facilities conveyed to the City of Fulshear and amortized over the term of the applicable service contract, which is 40 years from the execution date of the contract.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost of \$5,000 or more and a useful life of two years following the date of acquisition. Depreciation is calculated on each class of depreciable property using no salvage value and the straight-line method of depreciation. Buildings are amortized over a period of 40 years. Water, wastewater and drainage facilities are amortized over periods ranging from 10 to 45 years. All other equipment is amortized of periods ranging from 3 to 20 years.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

#### Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are considered to be wages subject to federal income tax withholding for payroll purposes only.

#### Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

*Nonspendable*: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

*Restricted*: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### Measurement Focus Continued)

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. The District has assigned \$277,044 of its General Fund fund balance to offset a 2025 budgeted deficit.

*Unassigned*: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

#### **Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### NOTE 3. LONG-TERM DEBT

	Water, Sewer and Drainage Bonds Series 2015	Water, Sewer and Drainage Bonds Series 2016
Amounts Outstanding – April 30, 2024	\$ 3,145,000	\$ 3,485,000

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### **NOTE 3. LONG-TERM DEBT** (Continued)

As of April 30, 2024, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	 Principal	Interest		 Total		
2025	\$ 2,110,000	\$	2,059,600	\$ 4,169,600		
2026	2,150,000		1,979,338	4,129,338		
2027	2,195,000		1,899,557	4,094,557		
2028	2,230,000		1,817,830	4,047,830		
2029	2,295,000		1,737,629	4,032,629		
2030-2034	12,275,000		7,470,808	19,745,808		
2035-2039	12,880,000		5,291,112	18,171,112		
2040-2044	12,770,000		2,911,174	15,681,174		
2045-2048	6,880,000		742,900	7,622,900		
	\$ 55,785,000	\$	25,909,948	\$ 81,694,948		

The District has authorized but unissued tax bonds totaling \$107,140,000 for water, sewer and drainage facilities, \$46,770,000 for road facilities, and \$43,000,000 for park facilities. Voters of the District have also authorized the issuance of one and one-half times the amount of bonds or other evidences of indebtedness issued for water, sewer and drainage facilities, and road facilities for the purposes of refunding such bonds or other evidences of indebtedness, of which \$550,000 principal amount of refunding bond authorization for road facilities has been issued and all of the authorized refunding bonds for water, sewer and drainage facilities remains authorized but unissued.

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount. During the year ended April 30, 2024, the District levied an ad valorem debt service tax rate of \$0.77 per \$100 of assessed valuation, which resulted in a tax levy of \$3,882,168 on the adjusted taxable valuation of \$504,177,729 for the 2023 tax year. The bond order/resolutions require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on the bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

# NOTE 4. SIGNIFICANT BOND ORDER/RESOLUTIONS AND LEGAL REQUIREMENTS

The bond order/resolutions state that the District is required to provide to the state information depository and/or the Municipal Securities Rulemaking Board (the "MSRB") continuing disclosure of certain annual financial information and operating data with respect to the District. The information, along with the audited annual financial statements, must be provided within six (6) months after the end of each fiscal year.

The bond order/resolutions state that any profit realized from or interest accruing on such investments shall belong to the fund from which the monies for such investments were taken. The profits realized from and interest accruing on investments made from any fund may be transferred to the Debt Service Fund.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of the issue.

#### NOTE 5. DEPOSITS AND INVESTMENTS

#### **Deposits**

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes. Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$240,736 and the bank balance was \$323,593. The District was not exposed to custodial credit risk at fiscal year-end.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Deposits (Continued)

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at April 30, 2024, as listed below:

	Cash
GENERAL FUND	\$ 140,767
DEBT SERVICE FUND	99,192
CAPITAL PROJECTS FUND	 777
TOTAL DEPOSITS	\$ 240,736

#### **Investments**

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in the Texas Short Term Asset Reserve Program ("TexSTAR"), an external public funds investment pool that is not SEC-registered. J. P. Morgan Investment Management, Inc. provides investment management and Hilltop Securities Inc. provides participant services and marketing under an agreement with the TexSTAR Board of Directors. Custodial, fund accounting and depository services and provided by JPMorgan Chase Bank, N.A. Investments held by TexSTAR are marked to market daily. The investments are considered to be Level I investments

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

because their fair value is measured by quoted prices in active markets. The fair value of the district's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from TexSTAR.

As of April 30, 2024, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities in Less Than 1 Year
GENERAL FUND TexSTAR	\$1,218,258	\$ 1,218,258
DEBT SERVICE FUND TexSTAR	3,873,830	3,873,830
CAPITAL PROJECTS FUND TexSTAR	171,622	171,622
TOTAL INVESTMENTS	\$5,263,710	\$ 5,263,710

Credit risk is the risk that the insurer or other counterparty to an investment will not fulfill its obligations. As of April 30, 2024, the District's investment in TexSTAR was rated "AAAm" by Standard & Poors' Rating Service. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in TexSTAR to have a maturity of less than one year due to the face that the share position can be redeemed each day at the discretion of the District.

#### Restrictions

All cash and investments of the Debt Service Fund are restricted for payment of debt service and cost of assessing and collecting taxes.

All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets and the maintenance and repair of capital assets.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

In accordance with the Utility Agreement with the City of Fulshear (the "City") dated August 19, 2008, and as amended effective July 16, 2019, the water, wastewater and certain storm water (with the exception of detention ponds and drainage channels) capital assets constructed by the District with funds advanced to or on behalf of the District, for which the District has recorded a liability in the Statement of Net Position, have been conveyed to the City for ownership, operation and maintenance. As a result of the conveyance of these assets, the City can agree to provide water and wastewater services to the District, contingent upon customer payment for those services, which becomes an intangible asset of the District.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### NOTE 6. CAPITAL ASSETS AND INTANGIBLE ASSETS (Continued)

As of April 30, 2024, the District has the following intangible assets:

	May 1, 2023	Increases	Decreases	April 30, 2024
Intangible Assets Subject to Amortization			•	
Right to receive service  Accumulated Amortization	\$ 48,919,690	\$ 7,120,396	\$ -0-	\$ 56,040,086

Accumulated Amortization	\$ 39,989,290	\$ 4,734,390	\$ -0-	\$ 44,723,680

#### NOTE 7. MAINTENANCE TAX

On May 10, 2008, the voters of the District approved the levy and collection of a maintenance tax of not more than \$1.50 per \$100 of assessed valuation of taxable property within the District. During the fiscal year ended April 30, 2024, the District levied an ad valorem maintenance tax rate of \$0.08 per \$100 of assessed valuation, which resulted in a tax levy of \$403,343 on the adjusted taxable valuation of \$504,177,729 for the 2023 tax year. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District pursuant to Chapter 49.107, Texas Water Code.

On May 10, 2008, the voters of the District approved the levy and collection of a park and recreational facilities maintenance tax of not more than \$0.10 per \$100 of assessed valuation of taxable property within the District. During the current fiscal year, the District did not levy a park and recreational facilities maintenance tax.

#### NOTE 8. UNREIMBURSED COSTS

In accordance with the terms of the development financing agreements, developers within the District have made expenditures on behalf of the District for various projects for which the District has not sold bonds. As of the balance sheet date, the District has recorded \$14,576,410 as due to developer for projects that have been completed. In addition, \$20,000 has been recorded as due to developer for operating advances received as of April 30, 2024. Any reimbursement will come from proceeds of future bond sales or other legally available funds of the District.

#### NOTE 9. RISK MANAGEMENT

The District is exposed to various risks of loss to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### NOTE 10. UTILITY AGREEMENT

On August 19, 2008, the District entered into a Utility Agreement with the City (the "Agreement"). The District is responsible for the design and construction of the water, sanitary sewer and drainage systems (the "Facilities") to serve the land within the District. All final plans must be approved by the City before construction. As the Facilities are constructed and inspected by the City, the District shall transfer the same to the City (excluding detention ponds or drainage channels, which are owned and operated by the District) for ownership and operation. In addition, the District constructs roadways serving the District, which facilities have been accepted by the City for operation and maintenance. The City is responsible for, without limitation, providing adequate maintenance and operation of the Facilities, providing water and wastewater treatment capacity resulting from the water and wastewater connection fees, providing reasonable and timely review and approval as required under the utility agreement, maintaining the water distribution and wastewater collection line capacity as constructed by the District, and timely making taps or connections to the Facilities.

The District purchases capacity in the City's water and wastewater plants. The District pays the City a fee of \$2,560 per equivalent single-family connection. The District also pays a fee for non-single-family lot development and commercial development. In consideration of the District constructing water, sewer, drainage, road, park and recreational facilities necessary to develop the District, the City annually rebates to the District all of the City's ad valorem tax revenue collected from the property within the District in excess of \$0.10 per \$100 of assessed value according to the following formula:

Tax Rebate = City Tax Rate minus \$0.10 per \$100 assessed value X District Taxable Assessed Valuation

The Agreement provides that the tax rebate will be used by the District to pay for the design and construction of certain facilities or to pay debt service on outstanding bonds issued by the District and will continue for the life of the District's bonds. The term of the Agreement is 40 years unless otherwise previously terminated pursuant to the terms of the Agreement.

Effective July 16, 2019, the District entered into the First Amendment to the Utility Agreement with the City (the "First Amendment"). The First Amendment outlines changes to the percentages of how future tax rebates are to be calculated, requires the tax rebate to be deposited into the District's Debt Service Fund and used for payment of only District debt service, and extends the annual tax rebate payments through February 28, 2048. The First Amendment states that prior to Build-Out, as defined in the First Amendment, the City may not use the District's capacity in the system to serve land outside the District. Further, the City is responsible for electricity and property insurance costs for any wastewater lift station facilities constructed by the District after July 16, 2019. During the current fiscal year, in accordance with the First Amendment, the District received a tax rebate in the amount \$221,271, which is included in the Debt Service Fund and restricted to pay debt service.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### NOTE 10. UTILITY AGREEMENT (Continued)

Under existing Texas law, since the District lies wholly within the corporate limits of the City of Fulshear (the "City"), the District may be dissolved by the City without the District's consent, subject to compliance by the City with Chapter 45 of the Texas Local Government Code, as amended. The Utility Agreement between the City and the District also places certain restrictions on the City's right to dissolve the District. If the District is dissolved, the City will assume the District's assets and obligations (including the District's outstanding bonds). Dissolution of the District by the City is a policy matter within the discretion of the Mayor and City Council of the City, and therefore, the District makes no representation that dissolution will or will not occur and makes no representation of the City's financial capability to pay debt service on the outstanding bonds if such dissolution were to occur.

#### NOTE 11. INTERLOCAL AGREEMENT CITY OF FULSHEAR

On March 19, 2024, the District entered into an Interlocal Agreement with the City for the design and construction of a 12-inch water line extension along the east side of James Lane from FM 1093 to Meadow Woods Drive (the "James Lane Water Line Extension"). The District is responsible for the design and construction of the James Lane Water Line Extension, and upon completion, the City will accept the James Lane Water Line Extension for ownership and maintenance. In consideration of the design and construction of the James Lane Water Line Extension by the District, the City agrees to locate the City's future water plant site outside of the boundaries of the District and to execute a written acknowledgement that the District's developers have fulfilled their obligation under Section 3.04(e) of the Development Agreement and no longer will be required to convey one acre of land within the boundaries of the District to the City for a City water plant site.

The Interlocal Agreement provides that the City will pay for 100% of the engineering costs and will contribute funds in the amount of \$14,500 toward the construction costs. In lieu of an additional cash contribution toward the construction costs, the City shall credit the District for all water and wastewater capital recovery fees that otherwise would be payable for Fulbrook on Fulshear Creek, Section 11 (the "Section 11 Fees"). The District will contribute funds in the amount of \$170,430 toward the construction costs. The District also will contribute an amount equal to the Section 11 Fees, currently estimated at \$54,000, toward the construction costs. This is based on estimated construction costs of \$737,500 for the water, sewer, and drainage facilities to serve Fulbrook on Fulshear Creek, Section 11 and \$524,000 for the roads to serve Fulbrook on Fulshear Creek, Section 11.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2024

#### NOTE 12. BOND SALE

On October 26, 2023, the District issued its \$9,535,000 Unlimited Tax Road Bonds, Series 2023. Proceeds of the Bonds were used to reimburse a developer within the District for land acquisition costs, paving facilities to serve Fulshear Creek Crossing, Sections 1 and 2, and Fulbrook on Fulshear Creek, Sections 7, 17, 18 and 19. In addition, a portion of the proceeds were used to pay engineering costs on the above listed projects, developer interest and bond issuance costs.

#### NOTE 13. PENDING BOND SALE

On August 28, 2024, subsequent to year end, the District sold its \$12,000,000 Series 2024 Unlimited Tax Bonds and anticipates closing by the 4th quarter of 2024. The District intends to use the proceeds from the sale to reimburse the District's developers for costs related to water, wastewater, and drainage facilities serving Fulbrook on Fulshear Creek, Sections 6, 7, 18, and 19; land costs; water and wastewater capacity fees; and related engineering. The District also intends to use proceeds to pay certain bond issuance costs and to fund twelve months of capitalized interest.

Todd Gnospelius	05/21 – 05/25 (Elected)	\$ 1,697	\$ -0-	Assistant Vice President/ Assistant Secretary

Notes:

No Director has any business or family relationships (as defined by the Texas Water Code) with major landowners in the District, with the District's developers or with any of the District's consultants. The submission date of the most recent District Registration Form was May 25, 2023. The limit on Fees of Office that a Director may receive during a fiscal year is \$7,200 as set by Board Resolution on July 26, 2023. Fees of Office are the amounts actually paid to a Director during the District's current fiscal year.
